Talk for Forward Thinking Group and Business Team 2

spoken by Kalindi on January 14, 2010

And I want to say something to all of you that may have feelings going on about anything about how fast we're going to be going, because we're going to go *fast*. And I can only go so fast on my own. If I don't have you flying next to me, it's going to be too slow.

So if you have any feelings, God doesn't care. Then He's asking, "Please just sacrifice the rest of your life and know that you sacrificed something for God." To be with Him means there's going to be a sacrifice for everybody.

But this group of people that are with me at the front, there's going to be a sacrifice and the sacrifice is the rest of your feelings – the rest of how you think it should be, the rest of whatever's going on inside of you. If you think it's right, if you think it's wrong, if you judge Gourasana, if you judge Kalindi, if it's going too fast – it doesn't matter. It doesn't matter.

We are going to race like bats out of hell now to get through this opening. And you just got to be by my side and, "Kalindi, what can I do to help? Kalindi, what can I do to help?" Everyday I should be getting a phone call from each one of you, "Kalindi, how can I help now? What can I do for you today? What needs to be done now? Okay, I'm right here."

The rest of what you have to feel or what you think you have to go through is a lie. It's just the mind and mind is the illusion. And it's the feelings, and the feelings are the illusion. And it's the emotions, and the emotions are the illusion.

So you just have to just *scream* into a towel, and then get up and be ready to be by God's side. That's all. And the rest of whatever is going on inside of you, He doesn't give a shit

about. Just like He didn't give a shit about whatever went on with this body, or with The Lady's, or anybody. They just had to like, get up, go, go, go, go, go. Or we would have never gotten Him into the world.

Similarly, we will never get Him out to the world with the pure love of God if you all that are at the helm of the Mission don't just put two arms up and, "Yes Lord, yes, yes, yes, and I will gladly sacrifice the way I feel, the hurt that I feel, the pain that I feel, how fast it's going. I can't handle it. Just, okay, no, I surrender. And that's it. God, give me my job. God, whatever Kalindi wants, that's it. We're going now." You have all got to know that.

The rest of your life, He only wants you to help Him, that's all. And He doesn't care about what you feel. So the only thing you can do is just *scream* and let the energy move through you and then get up and you're just ready to go.
