

Background of Mission Seminar 1

The first Mission Seminar took place in September of 2015, seven months prior to Mission Seminar 2 and was focused on beginning a new era in the Mission. It brought in a fresh organizational structure for Center of The Golden One designed to succeed far into the future. 119 people participated live and others participated later through the Make Up. That Make Up is available if you would like to do it, but it is not a prerequisite to doing this course. Mission Seminar 2 is a follow-up to Mission Seminar 1.

If you want to do the "Mission Seminar 1 Make Up", please email us at thecollege@miracle.org with your request.

Mission Seminar 1 was 5 days long. The Lady spoke on Day One and Day Five; those videos, as well as all the videos for the whole event, are available in the Mission Seminar 1 Make Up.

That event was led mostly by Valentine, The Lady's current secretary and before that a secretary for Kalindi for many years. Valentine presented a vision of change for the organization, explained how the Business Team at the time went into a period of brainstorming through "think tanks", and presented information from Kalindi and The Lady regarding direction for the organization.

As many people know, the Mission is all about creating an organization for the teachings and guidance of Gourasana, Kalindi and The Lady to be made available to all who want them, and creating a facility for people to transform. The express purpose of the organization is to help those who want to break the cycle of birth and death, and the result of that happening is that more Love of God comes into the world. This is the broader purpose of the Mission.

In Mission Seminar 1 a vision was presented to build an organization to fulfill this great combined purpose. Mission Seminars 1 and 2 are both spiritual and material in nature. So much spiritual movement happens in the course of taking on the great purpose of the Mission. In order to take on such a big job, we need to rely on God in every way.

Seminar 1 was all about taking responsibility for the Mission. It included learning about the current structure and hearing how we wanted that to change. That event initiated those changes. It included receiving what is called "Sourcing" from Kalindi, which is the information She left about how She wanted this Mission to be constructed and run. This information was given out in the form of documents to put in a binder that people were asked to put together and bring to the Seminar. This book is also being used for Mission Seminar 2 and everyone was given handouts to add to the binder they created in the first Seminar. You will be given those as well, and you will be fully instructed on how to make your binder.
