RE: The Goal of the Miracle of Love

This sourcing is being sent to Simon Zryd for the Home Center Board of Directors, David Kramer as the Home Center CEO, Colleen Saggese for the Cabinet, Karen Tenney for the SLCLC.

- M** • So far we have moved too slowly and because of that we may not be able to create seven Centers, but we have to create four Centers in Kalindi's lifetime.
- That is the goal of Miracle of Love: four whole Centers, fully owned, the right size with a minimum of 100 masters and something like 10,000 members at each Center - a total of 40,000 members who are really going for it and breaking free; 40,000 people who really know that they are here for the light.
 - To reach our goal we have to have a lot of Seminars. We have to have Worldwide Participation, Stay connected Program, etc. To reach our goal we need to have all of Kalindi's teachings and break free guidance, all of Jim's teachings and all of The Lady's teachings published.
 - The Seminars are a big part of our purpose. The Seminars are where the people are going to come from who are going to bring the love out in the world and some of these people will come onto *the Path to Ultimate Freedom*.
 - The Seminars are going to kick off at a certain point and there are going to be so many people who find the love of God and start to change and help things in the world, because of the love of God.
 - Without the people who are on the Path to Ultimate Freedom there would not be the degree of light and love coming into the world, there would not be the vortex of power that needs to be here, so that the draw for the people to find the light and love in the Seminar is present.
 - Teaching number one is the love of God. Everything has to be within the love of God. Love of God, care from God, respect from God.

(Note from Rachael December 12, 2008: This was spoken by Kalindi in March and is still very relevant to her recent sourcing in December 2008 for the direction of the Mission.)
