RE: Mission Statement

FOR REVIEW

- M** • No one should ever dare to stop talking about the following and no one can run this Mission in a different way than that:

“Lord Gourasana has come to this world for the express purpose of creating an opening so people could find their way Home. And then giving all of the truth to Kalindi and awakening Kalindi so Kalindi could speak it all and guide everybody”. That is our Mission Statement and it includes “Go Home. Break Free. This is a place of suffering. An Incarnation of God has come to make an opening so people could even see the light. The real truth from an Incarnation of God has been spoken and He’s left a master behind to give guidance so people can make it Home.”

- This statement is what should probably be said as the Mission Statement on the path part of the “rainbow.”
- It also needs to go into the Miracle of Love Seminar gift bags, as part of the part where you are talking about the Path. Kalindi wants this statement to be put there.
- Have that statement exposed in the proper places. Kalindi is not telling us to expose it in places that are going to be harmful to our endeavor, but just wherever it can go, it needs to go. Like for example on Kalindi’s website or the Path website or The Lady’s website.
