RE: Bringing People Up

Supervisor: Franz Friedrich and Sheri Gracelyn, Spiritual Leadership Committee

Manager: Karen Tenney, Spiritual Leadership Committee

This sourcing and teaching came about as a result of a letter from one of Kalindi's disciples and the direction this person was going in their material and spiritual life. What Kalindi did with this disciple to help them is an example of how Kalindi scoops and brings up her disciples so they can make it Home.

Bringing People Up

- M** • People need to be picked up in service jobs that fit them and bring them to their next step. Kalindi wants them all rescued. *(Note: The intent for this is that a person not get lost or passed by when they are really in trouble or needing to be moved along and don't know where to go. Especially people who have been here and paid their dues on this path.)*
- Everyone needs to be rescued and feel held and brought to their next place. No one should be judged negatively. It doesn't matter what a person is doing, if they are ready, bring them up to what the next thing is. This has to be done.
 - There are a lot of people who need this now. By giving them jobs, we may start another small center or send them to a small center, for example to Los Angeles. They can't be sitting and waiting. *(Note: Kalindi gave the example of how she brought up her first group of disciples and talked about what it would have been like if she hadn't done that for us. It was a destiny thing, but imagine what we would have felt in our hearts if that didn't happen.)*
 - Kalindi wants us to figure out who those people are. There are a lot of them all around the world. Tell them that Kalindi is calling to them. It is time for them to stand up bigger so they can have more of God.

- In order to stand up bigger they have to have more of God. This Mission is ready to expand. There are so many jobs that need to be done so we can't expand until we get those jobs filled.
- So many people are out there and don't know what to do and how to do it. That's okay. We just have to take them to God and plug them in somewhere and everything will work for them.
- Kalindi asked Sheri and Savanna (*and there will be other leaders*) to take hold of the people on the Path as Kalindi has done all these years.
- Look around the whole Mission and pick the people out that need to be held like this. That is what Kalindi would be doing. We have to do that. It has to be passed on. There are all kinds of things for people to do.
- Kalindi is asking us to do this now as she is turning over the mission to her masters and leaders. She needs to know it is happening and will continue to happen so the people can make it.

(Note from Savanna: Kalindi also mentioned that from the letters she received from Sue she could see that Sue didn't get support out there in what she is doing. Kalindi got letters of her crying out. Is there something we need to do about Sue right now?)

(Note from Jim: This area of bringing people up should be held by the SLC.)
