- M** • There is never anything that is impossible to accomplish – nothing. Because, as you and God stand together, with you and your neighbor and with His energy focused on this one thing, it is going to happen.
- You just have to sit and become calm and just be thinking. The answer is going to come. There may be a whole different way of looking at it and you have to be open to that. You have to be open to that your whole mountain is going to crash the way you have been thinking about it because the way you have been thinking about it is not working out.
  - Gourasana knows what is going on. He is hearing all of you. He is going to make it clear and there is nothing impossible - not one thing. You have to remember that, because if anyone ever feels defeated that is the illusion talking.
