

## Seminar Packages

---

### Package #1: A Comprehensive Course Back Home to God

- Urge participants to get this package if they want to keep going in a more serious manner, not necessarily that they know they want to break free.
- This package is the way they can start to come towards the Path. Use this program to become freer and freer and closer to God and can move them into the Path.
- This program is the basics of what you need and if you have nothing else but this, you can use this program and break free.

Note: Talks in this program book are ones that say it very clear, are to the point. Even some of the recent Ashram talks can be used. Use talks that speak clearly of how to do the work and what they need to hear about the teachings of transformation.
