

# Curriculum Development

---

## Words from Kalindi about the Curriculum

We are making a curriculum manual of all of our programs and levels of participation. Otherwise this mission is going to fall apart in every way once I let go. You guys will keep changing this and changing that. We are making it standard.

\* \* \*

The outcome of this project is to have a curriculum laid out that can be used for 2000 years. This finished product should be part of the long-term sourcing book.

Put together the curriculum for a person just beginning to come towards Miracle of Love through Freedom Walk all the way through Come Into the Light Ashram #4. Put all the appropriate programs, meditations, music, talks within each.

\* \* \*

Don't do anything different than what is laid out here because the illusion will get in. The end result will be that it will have all the necessary talks and programs and nothing else will be needed. (As time goes on things will be added, as the books are written and the talks are spoken.)

\* \* \*

Make sure that leadership knows that the sourcing for the curriculum is not to be watered down. This is the way Kalindi wants it for the next 2,000 years. She knows that things will need to change to accompany different time periods, but the basic format and intent cannot be changed due to everyone's good idea.

*(Note: Kalindi said that the notebook with the outline for the curriculum and leadership that Valentine and Savanna sent to Kalindi mid-March, 2010, is the way it should be. It captured everything that Kalindi wants to have happen.)*

## **Curriculum Due Date**

- All the program curriculums and Jim's book ( "A Comprehensive Course Back Home to God") need to be ready to start by January 2011.
- Once we come out and start with our Paths and curriculum, don't stop.
- Kalindi wants the people to receive a calendar every 6 weeks that outlines the activities.

*Note: The specific curriculum for the pre-Path and Path is in development by Savanna and Donna, per Kalindi's request. They will go through all of our programs and place them at the proper levels of the Path.*

## **"A Comprehensive Course Back Home to God" Program Book**

- Kalindi is putting together a book with Jim that has everything needed for walking the Path. They can live in Timbuktu and practically break free with that book. We will offer that at every Seminar. "We recommend that you get this book if you are searching for any kind of path."
- This is the program book that people who are on the Freedom Walk Program will use when they feel they are ready for more serious spiritual work and want to move closer to the Path to Ultimate Freedom and Kalindi. Even people on the Freedom Walk path who are not approaching the Path to Ultimate Freedom can buy Jim's book and do the courses.
- This program book is a prerequisite for people to apply for the Path. People should use this program book for at least a year in Freedom Walk.
- This book will have all of Kalindi's masterpiece talks of how to do the work, teachings and information about breaking the cycle of birth and death.
- This book will also be used as part of the Path curriculum.

## Words from Kalindi about Using Jim's Book

- "Make it your focus. Learn. Follow instructions. Follow guidance. Kalindi is teaching everyone from her heart to your heart. It is like a compass to keep you following the Path of His Pure Light and Love back to His Kingdom while you are alive."
