

## **Overview of Freedom Walk and the Path to Ultimate Freedom**

---

Miracle of Love will change to Center of The Golden One. Under this, there will be two paths: Freedom Walk and the Path to Ultimate Freedom.

### **Freedom Walk**

- Freedom Walk is for people to come to meditate – there is no pressure about breaking free or about how people should follow their path. It is a path of ecstasy and joy, and is about bringing God's love into the world, about giving and loving. This path is about light and love and is not heavy.
- Freedom Walk has all of Kalindi's teachings but it is not about breaking the cycle of birth and death. It is a spiritual path for anyone that wants to come closer to God and become freer and freer of the illusion.
- People can associate with Freedom Walk in whatever way they want, and participate in events as little or as much as they want.
- Freedom Walk is not meant for people to become free or prepare them for the Path to Ultimate Freedom or move them towards the Path to Ultimate Freedom, and it is not intended to ever become that.
- This Incarnation and Heavenly Host has brought in the love of God for everyone, no matter what it is the individual wants. The leaders of Freedom Walk are all awakened due to Kalindi's assistance and Gourasana's special assistance.
- All of the college classes will be offered as part of Freedom Walk. The classes are not about the heavy work of breaking free. These classes are for transformation in their daily lives and are also for people who are working towards coming on the Path to Ultimate Freedom.
  - In order for a person to come on to the Path to Ultimate Freedom, they will need to have completed all the college courses listed as requirements for the Path to Ultimate Freedom. These will be classes such as SAC, A-Z, bags, God-conscious Living, Lifestyle, programs that are needed but are not geared towards the heavy work. (The programs of the heavy work such as ego and gb work will be done in the Love's Awakening program on the Path.)
- People who participate on a regular basis in Freedom Walk will pay a membership fee. It is a path that people can follow.
- At the end of the seminar people will be introduced to two different packages of materials that they can purchase to continue to move forward spiritually.

- If someone expresses their desire for a master and to do the work of breaking free, or if a leader recognizes that kind of seriousness in someone, those people should be directed towards purchasing Package #1, which includes “A Comprehensive Course Back Home to God” program book.
- Package #2 offers many materials to those who want to move forward spiritually in their daily lives but do not have a desire to come on to a path.
- Maha and Savanna will oversee Freedom Walk. They should be known to everyone in Freedom Walk.

### **Path to Ultimate Freedom**

- The Path to Ultimate Freedom is for people who know they want a master and want to break the cycle of birth and death, want to go Home, no rebirth. On this path there is a heavy master who delivers Her promise. It is the real thing with Kalindi. A person can make it all the way Home. It is about full union with God.
- A person will need to go through whatever programs are necessary to come to a place of full surrender to God and to Kalindi as their master. In order to get to Kalindi and do the completion work of breaking free, a person needs to come to Kalindi with their head at the feet of their Master. Sheri Gracelyn will oversee that this program is what it needs to be and will make sure people are in the proper consciousness to do the final stages of breaking free with Kalindi.
- The Path is designed with mediators, coaches, buddies, leaders, masters, teachers – put it all together and you have Ultimate Freedom. God is leading it all.
- Kalindi wanted Sheri and Jack to be known as the “mom and pop” of the Path.

### **Common Ground is Love of God**

- There should be a feeling of coming together between Freedom Walk and the Path to Ultimate Freedom – that common ground is the love of God and Come to God (Come to God meaning that everyone will be able to share and speak about what is being offered).

## **New People**

- The new people are the ones out of the Seminar that don't want to start on one of the Paths, but want to start something.
- They can attend our public events and also attend activities for new people with Piper. Piper will keep these new people focused on the Seminar, rallying around the Seminar and bringing people to the Seminar.
- This program is not part of either path. It is for people that haven't chosen either path and want to keep going and to rally around the Seminar. Kalindi wants this program to contain the appropriate Miracle of Love programs.
- Piper can have Sundays for the new people. The new people can be with Piper until they are ready to go on Freedom Walk if they desire.

## **Membership to the Church**

- After taking the seminar (any of our seminars) people will be qualified to become members of the Church.
- A membership card will be put into their participant gift bags at the end of the seminar. The membership card should be the size of a credit card so people can easily carry it in their wallet.
- On the membership the following benefits should be stated:
  - Store discounts for the Bird of Paradise and bookstore (5 or 10% discount)
  - Eligibility to participate in certain events
  - Other additional benefits to be determined

*The intent of this membership card is to make it more attractive to Seminar graduates to come to the Center, purchase books, buy a coffee at the coffee shop, purchase items at the Bird of Paradise boutique, and in this way begin to participate in Miracle of Love activities.*
