RE: Qualifications for Administrative Team Supervisors

Important Notice

This sourcing document is for your information only, for purposes of you being kept informed with what Kalindi is talking about or thinking about. It is not meant to be referred to or used as an official organizational document. The official version of this document will be distributed to the organization by the A-Z Book Administrator.

- M** • It should be a policy of our organization that the top leadership should be first generation, and should be completely connected to Kalindi and Gourasana. This applies to the Administrative Team Supervisors because they are at the top level of the organization. The need to be people that Kalindi can count on 100%, people who can have all information, and people who can sit with Kalindi.
- Gourasana said that we can't have anyone at the top levels of the organization who isn't on the Path.
 - For now, the Administrative Team Supervisors need to be at least in the Advanced Work Group, getting ready to go into the Ashram. After three or four more Ashrams, the requirement may become that Supervisors need to have completed the Ashram.
