

**Kalindi's Preface to "The Simple Path" series of talks:**

"During this series, 'Understanding the Simple Path to God,' " at the beginning of each tape you are going to hear me speak the following statement. It's very basic knowledge that you need to have in order for you to hear what it is I am saying.

"So the knowledge that you need is that the illusion, not your illusion, but *the* illusion does not want you to hear the spiritual truths and teachings that you need in order to break free.

"Therefore, there is a film, a covering, a layer of illusion that's been created that covers over your mind and your intelligence, blocking you from hearing basic spiritual truths.

"So not only are you dealing with your illusion and doubts and fears, you have a greater illusion that is trying to cover over your mind and intelligence so that you can't hear.

"So my request to you and my guidance to you is when I speak, you sit up, very alert, very focused, very open and very receptive in order that you can counterattack the illusion that doesn't want you to hear. So pay attention, and listen from deep within when I speak."
