

We want everyone who has ever come
to Miracle of Love
or who is coming for the first time
to feel nothing but complete welcome
and love and acceptance.

This is so important,
it has never been accomplished on this earth before.

There is practically no major religion on earth
that truly teaches its children, young adults and adults
to show great respect and love for
people in other religions.

It is My desire that Miracle of Love
will be the first to accomplish this.

This is what God wants to go on, on this earth.
God wants mankind to share a loving relationship
with each other and anything less than that
is simply not acceptable.
