RE: The Purity of The Miracle of Love Seminars

Supervisor: Sheri Gracelyn, Seminars

About the Purity of the Miracle of Love Seminars

- M** • The human love comes and goes. That is why it is so rare to have the Love of God come to this world. That is why people gather around when there is the love of God. That's why it is very important to say what this is - full out. And that is why it is so important to say that there is a master and talk about the Love of God that is there. "Come and see. Come and hear. Come and be around the Miracle of Love. It isn't anywhere else."
- If the Seminars get too watered down without speaking truth, without the leaders purity, without the staff coming out with the love then the love of God will not be there. Some manufactured weird thing will easily take over and the illusion will see to it.
 - David R. has to be careful. His thing is to bring the people. But it is Kalindi's leaders who are in the love of God that need to lead the Seminars. David R. can lead the Seminars too, but it is the pure love of God that has to remain in those Seminars - pure love of God.
 - If there is ego involved that is getting off on doing those Seminars, or getting off on leading something, for example leading a horseshoe, then at that point, we have to get Kalindi's leaders out of the Seminars. If the Seminars become so big that they are for the world, but we have to compromise the purity, then Kalindi can't say that her leaders should lead the Seminars.
 - If we have to compromise the purity and the love in order to attract a lot of people to the Seminars, then Kalindi doesn't think that her leaders with the pure love of God should lead those Seminars.
 - The Seminars have to stay pure, all the way down to the people on the floor with the participants. Kalindi doesn't want egos touching the participants when they are

in an open state. So the Seminars can only grow to the extent that we have the people to facilitate them, down to the people on the floor.

About the Staff

- M •** Kalindi is thinking that a lot of people will want to staff the Seminars. But Kalindi is suggesting to have a small staff which is really focused, sharp and giving love to the participants. If the staff becomes too big, it is likely that the consciousness and awareness of the people on staff drop. This is Kalindi's feeling about it.
- The Seminars are pure God. They are pure God and they need to stay pure God. This is the only place in the world where pure God is. Pure God is being offered there. It is total transformation into the light, into the love.

Getting the Leaders Up

- M •** We cannot let the purity of the Seminars be compromised. If the Seminar starts to get too big for us to facilitate a "first-class" Seminar, then we have to establish a waiting list or refer people to Seminars at other locations.
